*The Moon in Taurus
Forming an easy aspect
to Venus*

Elderberry bunches (either while they're in flower or as fruits)	Waning moon for removing obstacles
Wheat	Waxing moon for increasing success
Green string or ribbon	New moon for a new start
Cauldron or fire-proof pan	Full moon for a blend of the above

Light the candle and focus your thoughts on what success will look like for your business or your work. Spend a good amount of time on this!

Take the elderberry bunches and wind the green string or ribbon around them.

Put the wheat inside the cauldron. Add a few drops of wax from the candle. Light the wheat in the cauldron to produce some smoke.

Take the elderberry bunches and pass these through the smoke. Say your incantations as you do so.
