*Focus your thoughts on the issue at hand.
What is it you need to present a good strong
argument about?*

*Light the candle and crumble the dried ferns
into the cauldron. As you do so, say the
following*

*Gemini Moon, communication improve
Raise my game, opposition remove
My side of the argument I'll present
I shall convince what is meant
Making what is the right choice
Let me explain it, through my voice*

*Add some of the melting wax from the blue
candle, and light the dried ferns inside the
cauldron.*
